SEND EXHIBIT OF FLAX

An exhibit which will attract considerable attention at the Panama-Pacific exposition was forwarded from Reno yesterday, according to the Journal, and consisted of a small bundle of flax which was raised as an experiment. This flax, together with a sample of a crop grown last year, forms interesting comparisons and goes to prove that instead of deteriorating the growth has been enhanced. The 1914 sample is fully six inches shorter in stalk than this year's crop, although the 1915 product was raised from the seed of that grown last year.

PIONEER PASSES AWAY

Mrs. Mary Conover, a resident of Reno for 25 years and who was one of the early settlers of this state, coming to Aurora from Provo, Utah, about 50 years ago, passed away at her home in Reno recently of ailments due to the infirmities of old age. She was a native of Illinois, 84 years of age, and is survived by seven daughters, one son and a sister, as well as numerous grandchildren.

JAILED FOR FORGERY

Charles Lyle, son of William Lyle, a well known rancher of the Truckee Meadows, was incarcerated in the county jail at Reno on a charge of forgery, preferred against him by E. H. Rathbun, a Reno merchant. This is the second time he has been in trouble on that charge. The first time he pleaded guilty and was given a suspended sentence.

BURNS PROVE FATAL

Mrs. M. E. Lane, who received terrible burns when she dropped a lamp in the home of her daughter, Mrs. Mary Morehart at Carlin, passed away several hours after the accident despite all efforts to save her life. Her clothing caught fire when she attempted to extinguish the blaze.

TWO MORE DIVORCES GRANTED BY COURT

Judge Averill has been busy with divorce cases since his return from his vacation, although the bar recess is not yet concluded. Yesterday he granted two decrees, one to Vera Burrows from David Burrows, the charge being that the defendant had been convicted of a crime. Pauline Weidner was granted a divorce from Corwin S. Weidner, the allegation being desertion.

SUNDAY SERVICES

St. Mark's Episcopal—John J. Rendall, lay reader, will conduct services tomorrow morning at 11 o'clock in the Episcopal church.

St. Patrick's Church—First mass at 8 a. m.; Sunday school after first mass. Second mass at 10 a. m. Evening devotions at 7:30. Rev. J. Diss, pastor.

The Presbyterian Church—Sabbath school at 10 o'clock. At the morning hour, 11 o'clock, there will be an illustrated sermon for the children and young people. Parents, help them to be present. C. E. at 6:30. Topic, "Throw Yourself Into Your Task." Evening service at 7:30 instead of 8 o'clock. Sermon theme, "Christian Unity." Sunday school institute Wednesday and Thursday. We have promised here a rare treat. We will have with us some of the strongest speakers on the coast. For two afternoons and evenings subjects of vast importance will be discussed by these expert workers. Every Christian person in Tonopah should be present at some time during these helpful meetings. Placards are scattered in town advertising this gathering, and the full program will appear in this paper later. Rev. R. W. Hayless, pastor.

NEW SETTLERS ARE BEING ATTRACTED

"New settlers are constantly drifting into Nevada from the exposition to see what opportunities are offered in the various agricultural districts. Most of these men have been drawn to Nevada by the exhibits of agricultural products and the information received in the Nevada agricultural exhibit in the palace of agriculture," says Dean C. S. Knight of the department of agriculture.

"The state of Nevada needs many more such incomers and it is the duty of every agricultural community to lend all possible assistance in sending fresh agricultural products to the exposition to advertise the farming resources of the state."—Gazette.

AEROPLANE WORK UNDER WAY

PENSACOLA, Fla., Sept. 4.—The navy department is expected to open the machine shops for the repair and fitting of aeroplanes here some time this week. Captain Mustin, who is in charge of the aeronautic grounds, has been authorized to expend \$250,000 in construction and remodeling of the premises so as to accommodate about fifty officer students.

500-MILE RACE AT ST. PAUL

ST. PAUL, Minn., Sept. 4.—With Resta, De Palma, Oldfield, Wilcox, Cooper, Porporato, Anderson and Bergdahl entered for the \$50,000 purse, St. Paul's first speedway 500-mile race started this morning. The track is two miles, and \$20,000 will be given as first prize, with apportionment of other prizes.

NEWPORT HORSE SHOW ON

NEWPORT, R. I., Sept. 4.—The annual Newport horse show, attracting as usual many of the finest harness and saddle horses in the east, opened at the Casino today and will continue until Sunday evening. Prizes will be awarded in 42 classes. The judges are: Charles P. Williams, R. Penn Smith and Richard Newton Jr.

TEACHERS AND TRUSTEES WILL MEET MONDAY

A meeting of the teachers and trustees of the Tonopah public schools has been called for Monday, September 6, at 2 p. m., to begin the plans for the work of the school year, beginning the next day.

DANCE AT AIRDOME

The regular Saturday evening dance at the Airdome theater promises excellent entertainment. Admission is free. Tickets for dances are three for 25 cents.—Adv2213.

ADULTS MAY TAKE WORK IN SCHOOLS

Superintendent Dilworth Makes Announcement of Interest to Many Tonopahns

Many questions have been asked as to whether adults, not regularly enrolled in the public schools, would be permitted to take any of the courses to be offered the present year. If those interested in any line of work offered will see Mr. Dilworth plans will be made to accommodate all. Mrs. Smith, the domestic science supervisor, will be glad to prepare a course for any of the ladies of the town who wish this instruction. The days and hours will be arranged to suit the ladies interested. Mr. Cross of the manual training department will make similar arrangements for any adults, male or female, who wish to learn something about manual training. In the commercial department Mrs. Coulter will be pleased to arrange to assist any who may be interested in pursuing the branches taught in her department. Miss Jewett may be able to arrange for a class or two in Spanish or German outside of school hours.

All of these teachers are anxious to do all they can properly for the people of Tonopah who are trying to educate themselves. Their time and attention will be devoted primarily, of course, to the pupils regularly enrolled in the schools and that work will not be slighted under any circumstances, but where it is possible for adults to arrange days and hours that will in no way conflict with the regular program they will be very welcome.

COLUMBUS KNIGHTS SELECT OFFICERS

EXTENSIVE IMPROVEMENTS TO BE MADE TO CLUBHOUSE IN NEAR FUTURE

At a meeting held Thursday evening, September 2, Tonopah council, Knights of Columbus, held its annual election of officers for the ensuing term, resulting as follows:

Grand knight, T. J. Dwyer; deputy grand knight, D. N. Nolan; chancellor, S. S. Clark; financial secretary, W. M. Roach; recorder, John O'Hara; treasurer, Christopher Barry; warden, F. Z. Ethier; trustee, R. P. Stenson; advocate, George Falkenstein; inside guard, W. T. Quirk; outside guard, John Hannigan.

In the near future the knights contemplate some extensive improvements to their home on the hill, which will include some well equipped club rooms for the entertainment of members and visitors.

FUTURITY DAY AT SARATOGA

SARATOGA, N. Y., Sept. 4.—Today is Futurity Day, but unless the unexpected happens it will not make racing history. The youngsters who might give the year's two-year-old classic real importance are not eligible and the best expected at the track this afternoon was that it would prove a good horse race. One interesting possibility is White Hackle, sold by John Madden to the Shoshone stable for \$19,999. It is remembered that Madden sold Novelty about a month before Novelty won the futurity in 1910.

FALLON FAIR COLORS

Yesterday the committee decided that the colors for the fair shall be alfalfa green and purple, corresponding with the beautiful alfalfa blossom. These colors are to enter to a large extent into the decorations for the fair.—Eagle.

AMUSEMENTS

PASTIME THEATER

At the Pastime tonight will be shown a World Film feature in five acts, "When It Strikes Home." The beautiful young star of the New York Winter Garden and the London opera house, the bells of two continents, the lovely Grace Washburn, is the bright particular star of this offering which is based upon a story by Charles K. Harris and produced by the Charles K. Harris Film corporation. Mr. Harris is authority on human interest stories and he has one here. It begins on old Broadway, the starting place of many real dramas, and the appropriate stage for them. In the main incident you can discern truth to life. On a "dare" a young fellow goes through the marriage ceremony with a dancing girl. They were in the habit of meeting at (let us say) Jack's or Churchill's after the show at night, and he, "half-soused," fell for her, and there you are. They are married. His father, a wealthy man, objects, and succeeds in having the marriage annulled. A son is born to the divorced girl, and some time afterward Dick Hartley marries a girl of high social standing; the marriage is happy but childless. The divorced girl enters a hospital as a nurse; her son is adopted by Mr. and Mrs. Hartley in ignorance of his origin. Grace Washburn is the butterfly dancer; Muriel Ostreich is the beautiful young girl whom Dick marries. They are supported by a great cast, and the story makes a powerful dramatic photoplay. The preliminary reel is "Rafferty."

SEVENTY FEET OF WATER

There is now 70 feet of water in Lahontan reservoir, representing 48,000 acre-feet—a pretty good supply for the last week in August, when the irrigating is practically all done. The reservoir was lowered from 83 feet to 70 feet for irrigation purposes. Of course the 10 feet at the top impounds a great deal more water in proportion than any similar depth lower down, but the 48,000 acre-feet shows that there is ample water for taking care of much more land than is now under cultivation on the Truckee-Carson project.
